

Uncompromisingly ON:U

These are just a few things that make ON:U distinctive from other cabinet manufacturers.

Cabinet Box	ON:U's cabinet is constructed with thermally-fused composite panels* using mortise and tenon joints. White or maple melamine interior. Matching veneer edgebanding is chosen by Ovation to coordinate with doors and case. Top and bottom are 3/4-inch, sides are 5/8-inch; back is 1/4-inch; 5/8-inch hanging rails. Flush finished end for clean look.
Drawers & Rollouts	Hardwood maple 5/8-inch drawer boxes and rollouts have dovetailed corners and 1/2-inch bottoms. Rollouts have full-width integrated maple handles or no handle as standard.
Slides	Slides are Blum 552H three-quarter extension undermount, 75/100 pound
Shelves	Shelves are full-depth 3/4-inch thermally-fused composite panels*. Shelf drills are 5mm boring; special locking metal clips.
Hinges	Blum 120 degree cup hinge is standard: 120 degree swing with three dimensional adjustments on the hinge and three dimensional adjustments on the mounting plate.
Finish	Along with Ovation's traditional finishes, the <i>La Grande Glaze Collection</i> is a clearer-color stain process and available in 40 plus colors.
Exotics	Sixteen (16) exotic veneers available as shown below in <i>Nature's H2 Own</i> :
Options	<p>Waterbased Finish Ovation's waterbased <i>Nature's H2 Own</i> is an ecologically friendly option and enhances the natural beauty of wood.</p> <p>Slide Upgrades <u>Blum 562</u> full extension undermount (75/100 pound) upgrade available for base cabinets.
